

Wall Crusher HBC-

◆ Features

- Hand type crusher. Useful in small space where excavators can not get in. Useful for renovation.
- Comparing ordinary hand breaker, the Wall Crusher does not make noise or vibration. Thus you can avoid trouble for neighbors with noise and vibration.

〈Utility Model〉

◆ Operating Instruction

- To be used with Hirado Hydraulic Pump (3 phase power source is required)
- Choose appropriate model for the wall to break.
- Place the crusher on the wall and by pushing two buttons switch, operate the crusher and proceed wall crushing.
- When you finish crushing the wall, move on to the next wall in order.
