

Casting Splitter EP-100(32)

◆ Specifications

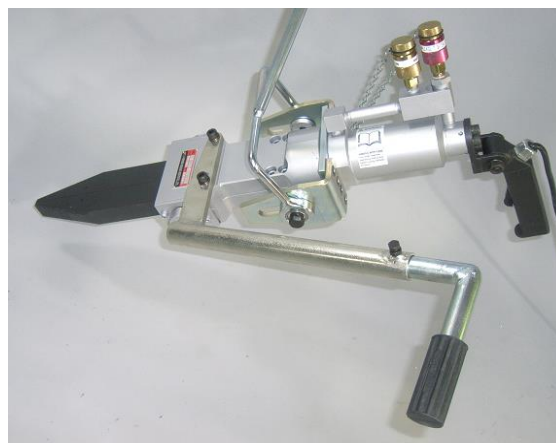

〈Patented〉

Model	Length mm	Weight Kg	Destruction Power kN	Opening Width mm	A (Head) mm	B (Base) mm	C (Height) mm	F (Length) mm
EP-100(32)	735	25	331	32	15	83	30	194

◆ Applications

- ◎ Required Clearance : 15mm - 83mm
- ◎ Breakable cross-sectional area of gate:
45mm x 45mm
- * Suitable to medium to large size applications which requires high power and wide opening size.
- * Please refer to Model Selection Chart

◆ Features

- ◎ **Lightweight and Compact Body**
In-house developed high-pressure pump realized high destruction power in the compact body.
- ◎ **Easy Operability**
Rotating wedge head and a variety of fitting combinations allow you to easily split gates in every direction without repositioning castings.
- ◎ **Compact and Wide Range of Wedge**
The wedge fits to a various patterns of application with its patented original shape and wide opening width. A high-grade material and special metal processing ensure high durability.

N.B. Wedges, Handles, Hanging Tools can be specially modified to meet customers' requirements.
