

Casting Splitter EP-30(20)

◆ Specifications

〈Patented〉

Model	Length mm	Weight kg	Destruction Power kN	Opening Width mm	A (Head) mm	B (Base) mm	C (Height) mm	F (Length) mm
EP-30 (20)	488	8	50	20	12	60	30	120

◆ Applications

- ◎ Required Clearance : 12mm – 60mm
- ◎ Breakable cross-sectional area of gate:
18mm x 18mm
- * Suitable to comparatively small applications
- * Please refer to Model Selection Chart

◆ Features

- ◎ **Lightweight and Compact Body**
In-house developed high-pressure pump realized high destruction power in the compact body.
- ◎ **Easy Operability**
Rotating wedge head and a variety of fitting combinations allow you to easily split gates in every direction without repositioning castings.
- ◎ **Compact and Wide Range of Wedge**
The wedge fits to a various patterns of applications with its patented original shape and wide opening width. A high-grade material and special metal processing ensure high durability.

N.B. Wedges, Handles, Hanging Tools can be specially modified to meet customers' requirements.

* Specifications may change without any notice for product improvement.
